The premium for this product is determined by the following factors:

- 1) Excess value, value of the underlying policy
- 2) Individual or Group

OVERVIEW

Professional Indemnity Excess Waiver is a commercial insurance policy which insures the excess you have to pay on your Professional Indemnity policy(primary policy), providing the primary policy responds.

If your claim falls **within** your Excess on your Primary Policy, then this policy will **not** respond.

Should your claim fall **within** your excess of the Professional Indemnity policy(primary policy), the Underwriter will **only** consider the claim so long as there was a ruling from any statutory Ombud or any competent Civil Court within the Republic of South Africa, **finding you liable**, but not exceeding the amount stated on the schedule.

The product works on a trigger basis, which means that if your underlying Professional Indemnity policy, entertains/ responds to a claim, the product will cover the excess as stated on the schedule (no inner excess will apply).

Legal fees are **excluded** in respect of any claim within your excess and compensation would be for damages only.

The Minimum limit of indemnity is based on an excess of R 10,000 and a maximum of R 350,000.
